FLU SHOT CONSENT & SCREENING FORM

I have answered the Screening Questionnaire for Injectable Influenza Vaccination truthfully and to the best of my ability. I believe I understand the benefits and risks of the influenza vaccine and ask that the vaccine be given to me or the person named below for whom I am authorized to make this request.

Screening Questionnaire for Injectable Influenza Vaccination

For adult patients as well as parents of children to be vaccinated: The following questions will help us determine if there is any reason we should not give you or your child injectable influenza vaccination today. If you answer "yes" to any question, it does not necessarily mean you (or your child) should not be vaccinated. It just means additional questions must be asked. If a question is not clear, please ask your healthcare provider to explain it.
