Dear Parent/Guardian:

As your new District Attorney and the mother of two young adults, I know that students and their families face many challenges throughout the school year. I have been working with your school district to ensure that we have policies in place so that your child is safe and productive. One of our primary concerns is the need for consistent and timely school attendance for all students.

The consequences for failing to attend school are serious and well-documented. Truancy has been identified as a potential predictor of criminal behavior, drug use, and is often associated with lowered academic achievement, self-esteem, and even employment potential. In addition, several studies have found that a pattern of poor attendance in early grades is linked to an increased likelihood for dropping out of school in later years.

Parents and guardians, as well as students themselves, have the statutory responsibility to ensure that attendance at school is regular and timely. If a school identifies a student who is exhibiting an attendance problem, which includes tardiness, the school is required by law to address that problem. This could be as simple as notifying the parent or guardian and working together to improve that student's attendance. In extreme instances, however, it may require the school to solicit assistance from the Court or The Department of Children and Families.

Enclosed you will find a summary of the Massachusetts General Laws pertaining to attendance. We encourage you to review this as well as your school's policy on attendance. Please feel free to contact the principal of your child's school should you wish to discuss this information further.

We all share the goal of enabling our students to reach their full potential, and that begins with a student's regular and timely attendance at school. Thank you for your anticipated cooperation. We look forward to a successful school year!

Cordially,

Marian T. Ryan, Middlesex District Attorney
